

# September 09th, 2017 U.S. (Washington State) Pilot Escort Vehicle Operator Certification Course London, ON

Presented by: B.D.R. Safety Consulting Inc.

Hosted by Veteran Pilot Services

In co-operation with

B.D.R. Safety Consulting Inc. will be holding a U.S. (Washington State) Pilot Escort Vehicle Operator Certification course in London Ontario on Saturday September 09th, 2017. The course will be from 08:00 to 16:00.

This certification course is recognized throughout the U.S. for Pilot/Escort Vehicle Operators and carries reciprocity with the majority of the States that require certification.

This course also includes extra information on rules and regulations from British Columbia to Ontario.

The curriculum being presented is the Evergreen Safety Council's, Pilot/Escort Vehicle Operator (P/EVO) program. Upon successful completion, students will receive the Washington State Department of Transportation "Pilot Escort Vehicle Operator Certification" card. The Certification is valid for 3 years.

All course material is provided and includes the General Oversize Regulations, Federal Highways Administration Guide to Pilot Vehicles and several other pertinent publications.

Although there are no requirements at this time to be certified to operate as a Pilot Escort Vehicle Operator in Canada, this certification course can go a long way to prove Due Diligence in the performance of your duties.

For those that intend on piloting loads into British Columbia, at the end of this course, there will be a supplemental course on flagging. This flagging course is the Saskatchewan Flagging course which has been 'approved' by British Columbia for pilot operators. This will permit you, the pilot operator, to direct traffic while escorting loads in British Columbia. This supplemental portion is approximately 2 hours in length. Cost is to be determined and posted in late July. Note: This certification, at this time, will only permit you to flag in Saskatchewan and British Columbia.

## OVERSIZE LOAD

Cost for the course is \$299.99 + GST (\$314.99). Flagging Module cost to be determined.

To register for the course or for further information, please contact B.D.R. Safety Consulting at: [bdrsft@mymts.net](mailto:bdrsft@mymts.net) or (306) 737-2911.

OR

Veteran Pilot Services at: [dispatch@veteranpilot.com](mailto:dispatch@veteranpilot.com) or (519) 200-1616

Registration must be received by Friday August 25th, 2017. If you know of anyone interested in this course, please feel free to pass on this information.
