# Saskatchewan Workzone Flagging Certification Course

Presented by: B.D.R. Safety Consulting Inc.

In co-operation with  
Heavy Construction Safety Association of Sask. Inc

B.D.R. Safety Consulting Inc. will be holding a Saskatchewan Workzone Flagging Certification course in Regina, Saskatchewan on Sunday August 27th, 2017. The exact location of the course is still to be determined.

The curriculum being presented is the Heavy Construction Safety Association of Saskatchewan Inc. program. Upon successful completion of this course, students will receive a Saskatchewan Highways and Transportation / Heavy Construction Safety Association of Saskatchewan Inc. certification card. The Certification is valid for 5 years.

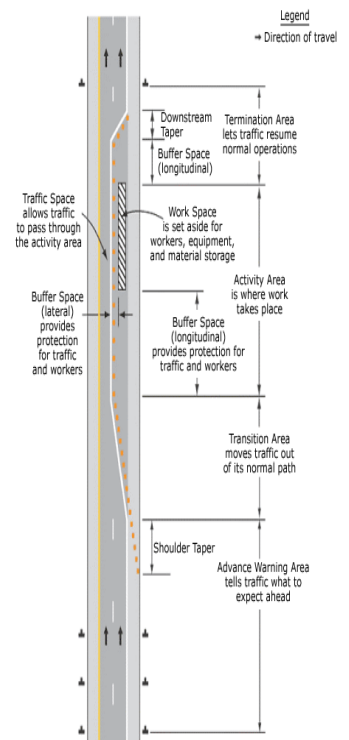

This flagging course is the Saskatchewan Flagging course which has been 'approved' as per CVSE Circular 10-16 Appendix A by British Columbia for pilot operators. This will permit you, the pilot operator, to direct traffic while escorting loads in British Columbia. Note: At this time, this certification will only permit you to flag in Saskatchewan and British Columbia.

The course will cover six (6) basic elements including: Legislation, Flagging, Equipment and Apparel, Flagperson Position, Practices and Procedures as well as Communication.

As this is a certification course for Pilot Escort vehicle Operators, emphasis will be on the proper positioning during oversize load movements.

After successful completion of the course, it is every candidates responsibility to ensure that they familiarize themselves with the specific requirements of British Columbia under the Pilot Car Load Movement Guidelines to ensure that they are in compliance with their specific requirements.

Figure 1. Component Parts of a Temporary Traffic Control Zone

Cost for the course is \$119.99 + GST (\$125.99). Works out to \$25.00 / year for your certification. If we can get more than 15 candidates, the cost will drop accordingly.

To register for the course or for further information, please contact B.D.R. Safety Consulting at: [bdrsft@mymts.net](mailto:bdrsft@mymts.net) or (306) 737-2911.

Registration must be received by Wednesday August 16th, 2017. If you know of anyone interested in this course, please feel free to pass on this information.
