

Collision Template

Your driver has just been involved in a Motor Vehicle Collision and now he/she has to fill out a report and give you some sort of a drawing so that it all can make sense to you and the Insurance Company.

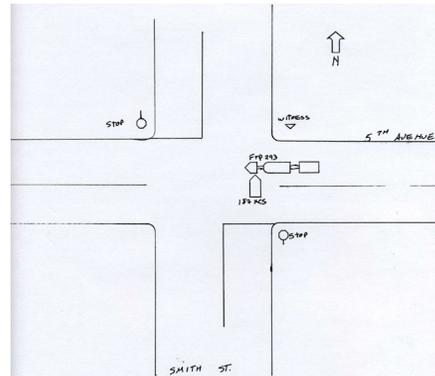

What will you get?

This...

Or

This...

Using a collision template will make life easier for both your driver and you.

A professional and detailed drawing of the scene can make a difference in a motor vehicle collision investigation.

The B.D.R. Safety Consulting Accident Report Symbol template makes drawing a collision or incident scene a snap.

At \$5.95 each, they are a cheap but efficient alternative to a driver trying to freehand a drawing.

To order, contact B.D.R. Safety Consulting Inc at bdrsafetyconsulting@sasktel.net or at (306) 737-2911.
