

P.D.I.C.

Your drivers are the link between your business and its clients. Their behaviour with them and with the motoring public can play a big part in the overall success of your company. A professional driver will convey the message that they have made the right choice by choosing your company to haul their goods.

This Professional Driver Improvement Course addresses the needs of all personnel directly involved in the trucking industry, from dispatchers and supervisors to management. The focus of this course is on the professional driver and is designed to provide the necessary information to guide your drivers towards a successful career.

Upon successful completion of this 7 – 8 hour course, candidates will receive certification through the AMTA. This certification is valid for a period of 3 years and allows candidates up to three (3) merit points that can be applied to their Alberta driving abstract.

What the candidate will learn:

- ✓ Attitude, image, customer and public relations
- ✓ Driver fitness
- ✓ Vehicle condition
- ✓ Adverse driving conditions
- ✓ Collision avoidance
- ✓ Safe backing
- ✓ Determining preventability
- ✓ Concepts of defensive driving

This course will provide invaluable information to new or less experienced drivers who in the pursuit of an exciting and successful career.

This course is not restricted to Alberta drivers. It can be delivered to any professional driver from any jurisdiction.
