Re Daniel Boyer and BDR Safety Consultants

My association with Mr. Boyer dates back to 2002 when my company Thinking Driver contracted him to assist on a project during which we developed and delivered bilingual Train the Trainer courses to Canada Customs and Revenue agency personnel.

Since then I have retained him under contract as our Chief instructor.

In this role Dan performs the following duties:

- Instructor training development and coaching
- Curriculum development and design
- Program delivery
- Technical consulting
- DVD and training material development

Dan has at all times conducted himself with exemplary ethics and professionalism and I have no reservation recommending him for any vehicle related safety issue.

Please feel free to contact me directly if further information is required

Sincerely,

Spencer McDonald
President
