Wind Industry Transportation Professional Advanced Certification

Presented by: B.D.R. Safety Consulting Inc.

In co-operation with:  **EVERGREEN**
SAFETY COUNCIL

B.D.R. Safety Consulting Inc. will be holding a WITPAC certification course in Winnipeg, MB on Saturday March 12th, 2022. The course will be from 08:00 to 16:00.

Commercial Vehicle Drivers, Steerpersons and Pilot/Escort Vehicle Operators involved in the transportation of wind energy components will all be required to be WITPAC certified in order to work on the transportation of these components. The major manufacturers have granted a grace period of 12 months for all participants to get certified. This grace period is set to expire in the early fall of 2022.

In order to receive a WITPAC certification card, you must complete the WITPAC training AND hold either a valid P/EVO certification (for Steerpersons and Pilot/Escort Vehicle Operators) from one of the states listed below, or a Class A CDL from any state or the Canadian equivalent (for the Commercial Vehicle driver).

P/EVO certifications from the following states will be accepted: Arizona, Colorado, Florida, Georgia, Minnesota, North Carolina, Oklahoma, Utah, Virginia, or Washington.

The course includes an online and a classroom portion. Candidates must complete the online course and pass the exam with a minimum score of 80% prior to being able to attend the instructor led classroom session.

By registering for one of the below noted courses, you will be sent a link to activate and complete the online portion of the course. The course can be done at your own pace and you can take the exam as many times as you need in order to obtain a passing grade.

The WITPAC certification is valid for a period of 3 years as long as you maintain your valid P/EVO certification.

Cost for the course is \$400 + GST (\$420.00) based on a minimum of 12 participants and limited to max of 30.

To register for the course or for further information, please contact B.D.R. Safety Consulting Inc. at: bdrsft@mymts.net or call Dan @ (306) 737-2911.

Registration must be received by March 04th, 2022 .

If you know of anyone interested in this course, please feel free to pass on this information.
